

# EXAMPLES FOR YOUR APPLICATION

For teachers and students

For many of you, this may be the first time you have thought about your attributes in this way, so it is understandable if it is challenging to get started. This sheet is aimed to help spark some ideas as to what you might write about.

## I am a translator.....

My parents and I are recent immigrants. My parents speak very little English meaning I have to translate for them so that they can access public services such as centrelink and public transport. I also try to **advocate for others** who are in a similar situation because I **understand the barriers** not being able to speak English can create.

Hi! I'm  
Veronica!

Through this extra responsibility I show **social awareness and empathy** for those in my life who are restricted by a language barrier, I am able to **understand and provide others with equal opportunity**, all while **balancing my other responsibilities**.

When submitting my application I've asked the school career counsellor to validate this for me.

Empathy

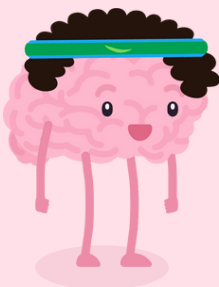

Responsibility

Social Awareness

Equal Opportunity

## I am a part-time worker.....

Hiya! I'm  
Xavier!

- Student and part-time worker at a cafe on weekends
- Split the money between savings, spending money, and household bills
- I try my best to **stay on top of school work**
- I demonstrate **citizenship and agency** by **contributing to society** through working at the cafe and financially helping my family
- Have to **balance working with my education**, showing **time-management skills**
- When submitting my application I've asked my work manager to validate this for me

Agency

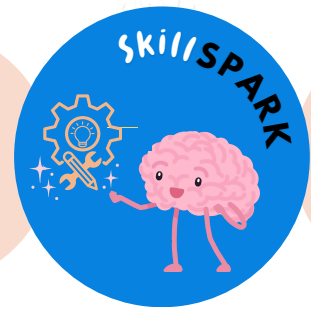

Motivation

Citizenship

Time Management

# EXAMPLES FOR YOUR APPLICATION

For teachers and students

## I am a soccer player.....

I'm on the school soccer team. I go to **team practices and games every week**. I eat healthy to stay in top shape and practice in my own time to reach my **personal goals** because I'm **dedicated** to soccer.

On the field, I face **challenges** and risks and work hard to **solve problems and keep going**. When my teammates get hurt, I help them and **show I care**. Being on a team means lots of **collaboration** and stepping up when needed. Playing soccer has given me a real sense of community and belonging.

I asked my coach to back this up when I submitted my application.

Empathy

Responsibility

Goal Setting

Perseverance

## I am passionate about the environment.....

Hello! I'm Yuki.

I'm really passionate about the environment and making sure it's taken care of.

In my free time, I **research** ways to **reduce my personal footprint** and make eco-friendly changes in my life.

I'm a **member of a youth group** that **meets regularly** to come up with initiatives for our **local community** to be more environmentally friendly.

I asked the leader of my environmental group to validate this for me.

Initiative

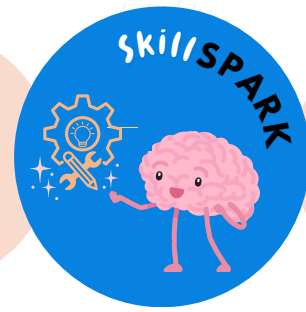

Motivation

Citizenship

Vision and Strategy

For teachers and students

## I am a carer.....

Lately, my parents have been working a ton so I've had to take care of my younger siblings. Most days I have to get my siblings to and from school, make sure they have snacks when they get home, and help them with their homework. It's a lot, especially when I've got my own homework, social stuff, and activities like dance that I want to do.

Hello! I'm Imara.

Even though it's tough, looking after my siblings has taught me a lot. I've had to be **responsible** and **compassionate**, and **juggle caregiving with schoolwork**. I try to make sure my siblings don't miss out on anything, while also making time for myself. I **set goals** to stay on track and **keep myself motivated, even when things get hard**.

I asked my home-room teacher to validate this for me when submitting my application.

Compassion

Responsibility

Motivation

Perseverance

## I am a content creator.....

Hey. I'm Aston.

- Started my own YouTube channel last year
- Channel is a great creative outlet where I explore my passions like animation and cooking
- Love **teaching myself new things** not taught at school
- Show **autonomy and initiative** by taking up other activities and learning new skills
- **Contribute to society** by sharing knowledge with others online
- Consistent uploads show my **commitment** to the channel
- Asked my case-worker to validate this for my application

Autonomy

Tenacity

Agency

Motivation
