

MEDIA RELEASE - 16 JANUARY 2025

VTAC partners with My eEquals to Streamline Academic Credential Access

The Victorian Tertiary Admissions Centre (VTAC) officially joined My eEquals, the digital platform trusted across the Asia-Pacific region for secure access to verified academic credentials, in 2024. Students graduating that year received both a paper and a digital ATAR statement.

2025 marks the first year for students to have a fully paperless experience, receiving their digital ATAR and IB statements on 16 and 19 December respectively. This strategic move marks a significant milestone in VTAC's commitment to modernising student services and strengthens the My eEquals ecosystem further.

Through this partnership, VTAC students can seamlessly access and share their official VTAC statements online—anytime, anywhere. With most universities and TAFEs across Australia and New Zealand already on board, My eEquals provides a secure digital wallet that acts as a single, central repository for all qualifications, starting with VTAC-issued documents.”

Key benefits for students include:

- Secure access to verified VTAC-issued documents
- Easy sharing with universities, employers, and institutions worldwide
- 24/7 availability from any device

This collaboration ensures a consistent, trusted experience for students navigating their academic and professional journeys.

Quote, to be attributed to Teresa Tjia, CEO VTAC

“Partnering with My eEquals represents a major step forward in VTAC’s mission to deliver smarter, more accessible services for students. By going fully digital in 2025, we’re not only reducing paper waste—we’re empowering students with secure, instant access to their ATAR and IB results, wherever life takes them. This partnership ensures that Victorian students are part of a trusted, future-ready ecosystem that supports their academic and professional journeys from day one.”
