New policies

Studies taken outside the normal timetable

Published originally in [December 2016](#)

Any student with a study that is outside the normal (calendar year) timetable will receive a notional ATAR.

Example 1:

A student completes one or more Unit 3 and 4 studies under the Northern Hemisphere timetable and other studies under the Southern Hemisphere timetable.

The student will receive a Notional ATAR.

Example 2:

A student completes one or more Unit 3 and 4 studies under the Northern Hemisphere timetable but none of them contribute to the ATAR because the results of the Southern Hemisphere studies were higher.

The student will receive an ATAR.
