Scholarships now through VTAC

The Victorian Tertiary Admissions Centre (VTAC) now administers applications for scholarships at most Victorian universities and interstate universities participating in the VTAC system.

These scholarships fall into two broad categories:

- Access and Equity Scholarships
- Institutional Merit Scholarships

Access and Equity Scholarships

Access and Equity scholarships are for students experiencing financial difficulty with the costs of living and studying. These financial difficulties arise from having limited income to support full time study or having to incur significant expenses to attend university, for example moving home.

Access and Equity scholarships include Commonwealth Scholarships and institutional scholarships.

- Commonwealth Scholarships are funded by the Australian Government and have minimum eligibility requirements that all institutions must abide by.
- Institutional scholarships are funded and governed by individual institutions.

Institutional Merit Scholarships

Institutional merit based scholarships are awarded to high achieving students. They are funded and governed by individual institutions.

Further information

For further information about the eligibility criteria and types of scholarships available refer to the 2009 Access and Equity Scholarships book. This book is available from secondary schools, participating universities, the VTAC website (www.vtac.edu.au) and the offices of VTAC at 40 Park St, South Melbourne 3205.
