

## Existing policies

### Contribution of VFE Block Credit towards the ATAR

Published originally in [February 2014](#)  
To be implemented December 2015.

The rule regarding the use of VCAA granted VFE Block Credit, at unit 3-4 level, was first implemented in December 2011. It stated that:

When calculating an ENTER for a student who has previously been awarded an ENTER, previously obtained VCE and VCE VET results will take precedence over later VFE Block Credit results.

The rule was reviewed in 2013 by the VTAC Scaling Committee because of perceived unfairness and unnecessary complexity. As an example, two students with the same results apart from the year of their VFE block credit could receive different ATARs. Similarly, two students with identical results but in a different order may also receive different ATARs. This situation was considered unfair.

In 2013, the VTAC Scaling Committee simplified the rule so that it did not depend on the existence of a previous ATAR or the order in which studies results were achieved. It now states that:

VCE and VCE VET results will take precedence over VFE Block Credit results.

The amended rule will come into effect for the calculation of 2015 ATARs.

Under the new conditions, VFE block credit can still be used in the calculation of the ATAR. However, it can only be used in the calculation of an ATAR if there are fewer than 6 VCE or VCE VET studies available. If there are 6 or more VCE or VCE VET studies available, a VFE block credit result cannot be used.

## VICTER 2018 amendment

### RMIT University

Construction Management

Units 3 and 4: any Mathematics; and any English.

# Corrections

## RMIT University STAT statement

The VTAC Guide 2016 contains an incorrect statement from RMIT University regarding use of the STAT (page 34). It should read as follows:

Applicants for courses that list STAT as a selection requirement at RMIT must sit STAT Multiple Choice if:

- They have no prior secondary school (Year 12), VET qualifications or work experience that can be considered for entry, or where these do not meet the minimum entry requirements for the course, and
- They are 19 years of age or older (as at 1 January 2016) and have not been enrolled in secondary studies for at least two years.

## Change of preference dates

The print edition of the VTAC Guide 2016 contains incorrect dates for change of preference for graduate entry teaching courses and international applicants.

Change of preference will close to international applicants on 16 December (4pm) and will reopen on 4 January (10am-4pm).

## SEAS at Navitas College of Public Safety

Please note that the summary table of institutions and SEAS categories published in the VTAC Guide 2016 (page 42) and the VTAC eGuide 2016 incorrectly states that the Navitas College of Public Safety will recognise under-represented schools as part of SEAS category 1.

## New address for CSU Study Centre Melbourne

Please note the new location of Charles Sturt University's Study Centre Melbourne:

30 Church Lane  
Melbourne VIC 3000

STAT results will not be considered for selection to RMIT University courses if you:

- Do not meet the prerequisites for a particular course (except for Year 12 English and Year 11 mathematics). Applicants must meet these prerequisites with equivalent study.

Please check individual course entries carefully to determine which courses consider the STAT Multiple Choice.

For more information: [www.rmit.edu.au/study/applying-to-rmit/pathways/stat](http://www.rmit.edu.au/study/applying-to-rmit/pathways/stat)

Change of preference will close for graduate entry teaching courses on 30 November (4pm) for main round offers and will reopen between rounds from 14 January 2016 (10am) to 10 February 2016 (4pm).

For a full list of Change of Preference dates see: <http://vtac.edu.au/dates.html>
