

Index of courses

Courses

Courses are listed under each institution and campus in alphabetical order.

Full-time/Part-time

For many of these courses you must use the same code for both full-time and part-time study. List the course once only. For some courses however, there are separate codes for full-time study and part-time study. If you wish to apply for such a course as both a full-time and a part-time student you must use separate codes. The Full-time study symbol is F/T. The Part-time study symbol is P/T.

Where no part-time study is indicated refer to 'Courses not handled by VTAC' in the institution section or the course entries.

Fees: TAFE institutes, Universities and Other Providers

Remember, when entering a course code, you are nominating whether you are applying for a HECS or a full-fee paying position in that course. The three types of courses available are:

- ▶ Type 1 (course codes ending in '1'): HECS (Higher Education Contribution Scheme) based university and government subsidised TAFE and some other provider courses
- ▶ Type 2 (course codes ending in '2'): Fee-based, no discount university, TAFE and some other provider courses
- ▶ Type 3 (course codes ending in '3'): Full-fee university and some other provider courses for VCE and Victorian IB overseas students only.

TAFE fees

Students are required to pay an enrolment Tuition Fee and a General Service Fee. The Tuition Fee is a charge of \$1 for each module-hour, with a minimum charge of \$40 (to current recipients of some approved government benefits, pensions or allowances) and a maximum charge of \$500 (books and materials are extra). AUSTUDY/Youth Allowance (for study purposes) recipients receive a 50% discount on Tuition Fees. The General Service Fee (GSF) is approximately \$130. The GSF is a compulsory fee and it is your contribution to the range of services provided to all students.

University fees: HECS based courses

Students contribute to the cost of their course through the Higher Education Contribution Scheme (HECS). Those who start a course of study after 1 January 1997 have to pay differential HECS contributions. This means that the amount of HECS you pay is based on the units of study you undertake, not on your overall course. Units of study are allocated to three bands and the amount paid for a unit of study depends on the band and its weight within a course. In 2000 the full-time full year contributions for each band are:

- ▶ \$3,463 (Arts, Humanities, Social Studies/Behavioural Sciences, Education, Visual/Performing Arts, Nursing, Justice and Legal Studies)
- ▶ \$4,932 (Mathematics, Computing, Other Health Sciences, Agriculture/Renewable Resources, Built Environment/Architecture, Sciences, Engineering/Processing, Administration, Business and Economics)
- ▶ \$5,772(Law, Medicine, Medical Science, Dentistry, Dental Services and Veterinary Science).

Further information about HECS

For further information on HECS, see *Money Matters* on page 8, or the booklet *HECS Your Questions Answered* which is available at higher education institutions, Centrelink offices and the Australian Taxation Offices. This booklet is also available on line at www.ato.gov.au

University fees: fee-based courses

Four Victorian universities offer fee-based courses, they are Deakin University, Monash University, RMIT University and the University of Melbourne. In general, the costs for these courses range between \$9, 000 and \$22, 000 per annum. Payment is generally required up-front and there are no discounts.

Other provider tuition fees

Most of the tertiary institutions in this category do not receive government subsidies for tuition fees. Courses are therefore fee-based, with a range of flexible options. Tuition costs for a full-time course can start at around \$4, 000 per annum, and range upwards. Tuition fees vary between institutions depending on the type of course; it is recommended that you contact institutions when enquiring about courses.

Further information about fees

For further information about fees, see *Money Matters* on page 8.

Please note: Unless indicated, fees quoted are for 2000 full-time courses and may change in 2001. Fees quoted for new courses are an estimate only. Applicants are advised to contact the institutions directly for course costs for 2001.

When completing your application and any *Change of Preference* it is your responsibility to use the correct code for the course fee structure and type of study you wish to undertake. If the code is valid but does not match the course title as written by you on your form, the code is assumed to be correct. **Do not invent course codes.**

Extra requirements

Some courses have special requirements such as information sessions, preselection interviews, special application procedures etc. that must be met for eligibility into a course. These courses are indicated under the *Extra Requirements* column by Yes or No. If a course has extra requirements you must meet these. Refer to the specific course entry for further details.

Selection Data

To help *Current Year 12 Students* better understand the ENTER needed for selection into a course last year's clearly-in ENTER, fringe ENTER and percentage of offers made below the clearly-in ENTER are listed for each course.

Details of how to interpret this data can be found in Appendix 2 on page 482.

An *Australasian 1999 Year 12 Results Conversion Table* can be found in Appendix 4 on page 486.
