

Index of courses

Courses

Courses are listed under each institution and campus in alphabetical order.

Full-time/Part-time

For many of these courses you must use the same code for both full-time and part-time study. List the course once only. For some courses however, there are separate codes for full-time study and part-time study. If you wish to apply for such a course, as both a full-time and a part-time student, you must use separate codes. The Full-time study symbol is F/T. The Part-time study symbol is P/T. Where no part-time study is indicated contact the institutions directly.

Fees

Remember, when entering a course code, you are nominating whether you are applying for a HECS or a full-fee paying position in that course. The three types of courses available are:

- **Type 1** (course codes ending in '1'): HECS (Higher Education Contribution Scheme) based university and government subsidised TAFE and some other provider courses.
- **Type 2** (course codes ending in '2'): Fee-based, no discount university, TAFE and some other provider courses.
- **Type 3** (course codes ending in '3'): Full-fee university and some other provider courses for VCE and Victorian IB international students only.

TAFE fees

TAFE students are not charged under the Higher Education Contribution Scheme (HECS). The fees for full-time TAFE courses are much lower than full-time HECS fees, although they are usually paid up-front at enrolment.

The Victorian Government has established a uniform system of tuition fees for TAFE courses, based on subject enrolment hours. These tuition fees are set annually. In 2001 the tuition fee was \$1 per Student Contact Hour to a maximum of \$500 per calendar year.

In addition to the tuition fee, students are usually charged a student services fee, amenities fee and materials costs depending on the course structure. Check with the individual TAFE institutes about which fees apply.

Student loans or a deferral of fees are available at most TAFE institutes for students who experience difficulty with the up-front payment. Contact the TAFE institute concerned for further information.

Many TAFE students are eligible for a reduction in fees. Some applicants who are in receipt of government benefits are eligible for fee concession. Concessions also apply to AUSTUDY recipients.

University fees: HECS based courses

Students undertaking Type 1 University courses contribute to the cost of their course through the Higher Education Contribution Scheme (HECS).

Those who start a course of study after 1 January 1997 have to pay differential HECS contributions. This means that the amount of HECS you pay is based on the units of study you undertake, not on your overall course. Units of study are allocated to three bands and the amount paid for a unit of study depends on the band and its weight within a course. In 2001 the full-time full year contributions for each band were:

- (a) **\$3,521** (deferred payment for arts, humanities, legal studies, social studies, visual/performing arts, education and nursing).
- (b) **\$5,015** (deferred payment for mathematics, computing, other health sciences, agriculture, renewable resources, built environment/architecture, sciences, engineering, processing and administration, business and economics).
- (c) **\$5,870** (Law, Medicine, Medical Science, Dentistry, Dental Services and Veterinary Science).

Students who commenced or deferred, but did not complete, their course before 1 January 1997 may be regarded as continuing students. Students who are unsure about whether they would be assessed as pre-1997 students should contact their institution. For 2001 Entry the HECS contribution for continuing students was \$2,644 for a full-time full year.

Each semester most students have a choice of either paying their contributions up front and receiving a 25% discount, or deferring their payment and paying the full amount through the taxation system. Students who choose the deferred option are not required to begin repaying their debt until their HECS repayment income exceeds the minimum threshold that was \$22,345 for the 2000-2001 financial year.

Further information about HECS

Further information on HECS may be obtained from the booklet HECS Your Questions Answered available from higher education institutions or the DETYA Internet home page at www.hecs.gov.au or by calling the HECS enquiry line on 1800 020 108.

University fees: fee-based courses

The following universities offer fee-based courses: Central Queensland University, Charles Sturt University, Deakin University, Monash University, RMIT University and the University of Melbourne. In general, the costs for these courses range between \$7,000 and \$22,000 per annum. Payment is generally required up-front and there are no discounts.

Other provider fees

Most of the tertiary institutions in this category do not receive government subsidies for tuition fees. Courses are therefore fee-based, with a range of flexible options. Tuition costs for a full-time course can start at around \$4,000 per annum. Tuition fees vary between institutions depending on the type of course. Contact the institutions for further information.

Further information about fees

- For further information about fees, see Money Matters on page 7.
- Unless indicated, fees quoted are for 2001 full-time courses and may change in 2002. Any fees quoted for new courses are an estimate only and you are advised to contact the institutions directly for 2002 fees.
- When completing your application and any Change of Preference it is your responsibility to use the correct code for the course fee structure and type of study you wish to undertake. If the code is valid but does not match the course title as written by you on your form, the code is assumed to be correct. **Do not invent course codes.**

Extra requirements

Some courses have special requirements such as information sessions, pre-selection interviews, special application procedures etc. that must be met for eligibility into a course. These courses are indicated under the 'extra requirements' column by 'Yes' or 'No'. If a course has extra requirements you must meet them. Refer to the specific course entry for further details.

Selection data

To help Current Year 12 Students better understand the ENTER needed for selection into a course last year's clearly-in ENTER, fringe ENTER and percentage of offers made below the clearly-in ENTER are listed for each course for both Round 1 and Final Round offers.

Additionally, the total number of offers made is compared against the total number Year 12 offers.
