

Course index

Courses

Courses are listed under each institution and campus in alphabetical order.

Full-time/Part-time

For many of these courses you must use the same code for both full-time and part-time study. List the course once only. For some courses however, there are separate codes for full-time study and part-time study. If you wish to apply for such a course, as both a full-time and a part-time student, you must use separate codes. The full-time study symbol is FT. The part-time study symbol is PT.

Where no part-time study is indicated, then courses either (a) do not offer a part-time option, or (b) part-time courses are not available through VTAC and you should contact the institution for further information.

Fees

When entering a course code you are nominating whether you are applying for a HECS-based or a full-fee based position in that course. The three types of courses available are:

- **Type 1** (course codes ending in '1'): HECS (Higher Education Contribution Scheme) based university courses and government subsidised TAFE courses.
- **Type 2** (course codes ending in '2'): Fee-based, no-discount university courses, some TAFE courses, and some independent tertiary college courses.
- **Type 3** (course codes ending in '3'): Full-fee university courses and some independent tertiary college courses for International VCE students and Victorian International IB students only.

TAFE fees

Students are required to pay an enrolment Tuition Fee and a General Service Fee. The Tuition Fee is a charge of \$1 for each module-hour with a minimum charge of \$40 and a maximum charge of around \$900 (books and materials are extra). Youth Allowance (for study purposes) recipients receive a 50% discount on Tuition Fees.

The TAFE General Service Fee (GSF) is a compulsory fee of approximately \$130. The amount varies from institution to institution and campus and is generally payable at enrolment. Successful applicants will usually be advised of the amount payable in their offer letter. You are advised to contact the institution for information regarding these costs.

Amenities fees

In addition to tuition costs, students are required to pay student service and amenities fees (such as the TAFE GSF above). These fees are paid to the institutions and used to fund a variety of academic and non-academic services and facilities.

University fees: HECS based courses

Students undertaking Type 1 university courses contribute to the cost of their course through the Higher Education Contribution Scheme (HECS). Those who start a course of study after 1 January 1997 have to pay differential HECS contributions.

This means that the amount of HECS you pay is based on the units of study you undertake, not on your overall course. Units of study are allocated to three bands and the amount paid for a unit of study depends on the band and its weight within a course. In 2003 the full-time full year contributions for each band are:

- (a) **Band 1:** \$3,680 (Arts, Humanities, Social Studies/Behavioural Sciences, Education, Visual/Performing Arts, Nursing, Justice and Legal Studies).
- (b) **Band 2:** \$5,242 (Mathematics, Computing, other Health Sciences, Agriculture/ Renewable Resources, Built Environment/Architecture, Sciences, Engineering/Processing, Administration, Business and Economics).
- (c) **Band 3:** \$6,136 (Law, Medicine, Medical Science, Dentistry, Dental Services and Veterinary Science).

If you commenced or deferred, but did not complete, your course before 1997, you may be eligible to pay a flat rate of HECS. In 2003, this rate is \$2,764 for a full-time full year study load, or \$1,382 per semester. You must apply to your institution at the commencement of your course for assessment of your eligibility for HECS as a pre-1997 student and pay at the flat rate. Contact your institution for further information.

Each semester most Australian citizens, and some people who hold an Australian permanent visa have a choice of either paying their contributions up front and receiving a 25% discount, or deferring their payment and paying the full amount through the taxation system. Students who choose the deferred option are not required to begin repaying their debt until their HECS repayment income exceeds the minimum threshold that was \$24,365 for the 2002–2003 financial year.

Most New Zealand citizens and some people who hold an Australian permanent visa must pay their HECS contribution up front each semester. They are not eligible for the 25% discount and cannot defer their HECS payments.

Further information on HECS may be obtained from the booklet 'HECS Information' available from higher education institutions or the Department of Education, Science and Training (DEST) HECS internet website at www.hecs.gov.au or by calling the DEST HECS enquiry line on 1800 020 108, or the Australian Taxation Office (ATO) on 13 28 61.

University fees: fee-based courses

Type '2' University courses

The following universities offer fee-based (Type 2) courses: Australian Catholic University, Central Queensland University, Deakin University, Monash University, RMIT University and The University of Melbourne. In general, the costs for these courses range between \$7,000 and \$28,350 per annum. Payment is generally required up-front with no discounts.

Independent tertiary colleges

Most of the tertiary institutions in this category do not receive government subsidies for tuition fees. Courses are therefore fee-based, with a range of flexible options. Tuition costs for a full-time course start at around \$7,000 per annum and independent tertiary colleges offer both 'Type 2' and 'Type 3' fee-based courses.

Type '3' courses—International VCE/IB only

Universities and independent tertiary colleges also offer full fee-based courses for International VCE students and Victorian International IB students only. Again, payment is required up-front and there are no discounts. Fees can range up to \$33,600 per annum.

NOTE: For further information about fees, see 'Money Matters' on page 5. Unless indicated, fees quoted are for 2003 full-time courses and may change in 2004. Fees quoted for new courses are an estimate only. Applicants are advised to contact the institutions directly for course costs for 2004.

When completing your application and any Change of Preference it is your responsibility to use the correct code for the course fee structure and type of study you wish to undertake. If the code is valid but does not match the course title as written by you on your form, the code is assumed to be correct.

Do not invent course codes!

Extra requirements

Some courses have special requirements such as information sessions, pre-selection interviews, special application procedures etc. that must be met for eligibility into a course. These courses are indicated under the 'extra requirements' column by 'Yes' or 'No'. If a course has extra requirements you must meet these. Refer to the specific course entry for further details.

Selection data

The clearly-in-ENTER is relevant to Current Year 12 students studying the VCE or its interstate equivalent. If you have previously studied the VCE and have not undertaken tertiary study, the clearly-in-ENTER may apply to you.

This index shows:

- (i) the Clearly-in-ENTER (i.e. the ENTER rank at or above which every year 12 student who applied for that course-and was eligible-would be offered a place)
- (ii) the fringe ENTER (i.e. the ENTER rank at or above which 95% of offers were made). Where the Fringe ENTER is higher than the Clearly-in-, this indicates that 95% of offers were made above the Clearly-in-ENTER.
- (iii) the % below the clearly in rank, i.e. the percentage of applicants accepted into that course with an ENTER lower than the Clearly-in-ENTER. This percentage needs to be taken into consideration when assessing the likelihood of selection below the Clearly-in-ENTER.
- (iv) the number of offers made to year 12 students.
- (v) the total number of offers made to all applicants from (and including) Round 1.

More information

For more information on the ENTER, see Appendix 2.
An Australian 2002 Year 12 ENTER Comparison Table is found in Appendix 1.

Notes: See page 41 for an explanation of how HECS and TAFE courses are costed • Course codes in this index ending in '2' represent fee-based courses, and applicants for these courses may be liable for up-front course fees between \$7,000 and \$28,350 per year • Courses with codes ending in '3' are for International VCE and Victorian International IB students only (full-time study only) • 'RC' = course selects on a range of criteria • 'n/a' = data not available • Fees as noted in this index may or may not include a GST component • Early Round Offers are not included in this calculation of this data.

Notes: See page 41 for an explanation of how HECS and TAFE courses are costed • Course codes in this index ending in '2' represent fee-based courses, and applicants for these courses may be liable for up-front course fees between \$7,000 and \$28,350 per year • Courses with codes ending in '3' are for International VCE and Victorian International IB students only (full-time study only) • 'RC' = course selects on a range of criteria • 'n/a' = data not available • Fees as noted in this index may or may not include a GST component • Early Round Offers are not included in this calculation of this data.

Notes: See page 41 for an explanation of how HECS and TAFE courses are costed • Course codes in this index ending in '2' represent fee-based courses, and applicants for these courses may be liable for up-front course fees between \$7,000 and \$28,350 per year • Courses with codes ending in '3' are for International VCE and Victorian International IB students only (full-time study only) • 'RC' = course selects on a range of criteria • 'n/a' = data not available • Fees as noted in this index may or may not include a GST component • Early Round Offers are not included in the calculation of this data.

* VCHE: This fee is the average amount per year over the three year course														

Notes: See page 41 for an explanation of how HECS and TAFE courses are costed • Course codes in this index ending in '2' represent fee-based courses, and applicants for these courses may be liable for up-front course fees between \$7,000 and \$28,350 per year • Courses with codes ending in '3' are for International VCE and Victorian International IB students only (full-time study only) • 'RC' = course selects on a range of criteria • 'n/a' = data not available • Fees as noted in this index may or may not include a GST component • Early Round Offers are not included in the calculation of this data.
