

## About the Course Index

### Aim of the Course Index

The aim of the course index is to provide applicants with a comprehensive list of courses on offer through the VTAC system. This list was accurate as at June 2008. Any new courses and/or updated course details will be listed on the VTAC website: [www.vtac.edu.au](http://www.vtac.edu.au)

### How to read the Course Index

Information is provided under the following column headings:

**Course Title** – Abbreviated course title for the purpose of the course index. Courses are listed in alphabetical order under institution name and campus.

**Method** – Study methods available:

F/T = Full time

P/T = Part time

Where there is no part time option shown, contact the institution directly to ascertain whether or not the course is available part time.

**Code** – VTAC course codes.

These are the codes that must be used on the VTAC Online Application when listing preferences. Each code should only be listed once.

Codes for full time and part time options:

For many courses the same course code applies for both full time and part time study methods – to apply for both options, you must only list the course code once. However, some courses have separate codes for full time and part time options – to apply for both options, you must list both codes. All course codes end in either '1', '2' or '3', which indicates the fee type.

**Type** – Fee type:

- » Type 1 (course code ends in '1'): CSP (Commonwealth supported place)
- » Type 2 (course code ends in '2'): Fee (Fee-paying place)
- » Type 3 (course code ends in '3'): Int. fee (International student fee-paying place)

For further information about course codes and fees see *page xx* of this Guide.

**2008 fee** (\$ per year) – Course fee (shown in dollars per year)

The fee for 2008 is shown to provide applicants with an indication of the cost for each course. Note: Fees for 2009 may differ from those shown.

Some institutions have online fee calculators that can provide you with a more accurate estimate of course fees based on current cost structures. See VTAC CourseSearch at [www.vtac.edu.au](http://www.vtac.edu.au) for links to institutional fee calculators.

**Extra requirements** – 'Yes' or 'No' indicates whether or not a course has extra requirements (i.e. things you must do in addition to listing the course as a preference and submitting your VTAC application). These extra requirements are detailed in the institution's full course entry in VTAC Guide 2009.

**Page** – Page number of the VTAC Guide 2009 where the institution's full course entry begins.

### Selection Data

*This selection data has no bearing on offers made to 2009 applicants and should only be used as a guide to the standard required for 2008 tertiary places.*

Selection data is produced for the Type 1 and Type 2 courses, offered at universities, independent tertiary colleges and RMIT TAFE, that primarily select Year 12 students by ENTER (or interstate equivalents).

Selection data shows figures derived from first and final round offers made to Year 12 applicants for tertiary places in 2008.

**The data is presented as follows:**

**First Round Data:** figures after the first round of offers for tertiary places in 2008.

**Final Round Data:** figures after all rounds of offers for tertiary places in 2008.

**Final no. of offers:** number of offers made for tertiary places in 2008

- » Final Year 12 offers through VTAC: shows the number of offers made to 2007 Year 12 applicants, for tertiary places in 2008.
- » Final Total offers through VTAC: shows the total number of offers made to 2007 applicants (Year 12 and non-Year 12), for tertiary places in 2008.

**The terms used are defined as follows:**

**Clearly-in ENTER:** the rank at or above which all ranked (eligible) applicants who applied for that course were offered a place.

Clearly-in ENTERs are not set in advance\* – they are determined by these three factors:

1. the number of places available in the course; and
2. the number of applicants listing the course as a preference; and
3. the academic achievement of those applicants.

Clearly-in ENTERs may be different each year because of these factors – they may rise, fall or remain the same.

\*Some institutions may publish guaranteed ENTERs.

**Fringe ENTER:** the rank, at or above which the majority (95%) of offers were made.

**% of offers below the Clearly-in ENTER:** shows, as a percentage, the offers made to ranked applicants with an ENTER lower than the Clearly-in ENTER.

*The Clearly-in and Fringe ENTERs were derived from offers made to last year's Year 12 applicants – these ENTERs are not for tertiary places in 2009.*

**RC:** indicates that offers are made to applicants based on a range of criteria, as outlined at 'Selection mode' in course entries in this Guide. In these cases it would be misleading to publish a Clearly in ENTER, therefore courses using this form of selection publish either RC (range of criteria) or the Fringe ENTER (see above).

**NEW:** indicates that the course is new and data has yet to be developed.

**n/a:** indicates that data is not available for a course because the number of offers made to Year 12 applicants was fewer than 10.

**--:** indicates that no data is published for this course.
