Applications: the number of people who applied, paid in full on time, and listed in their preferences at least one undergraduate University course.

Applicants Offered: the subset of people in 'Applications' whose "Favoured Offer" was an undergraduate University course. This is not those offered their highest University preference. When an applicant receives multiple offers, VTAC identifies one of the offers as their Favoured Offer after all enrolment returns have been received. The Favoured Offer is the offer that the applicant chose – by enrolling in it and rejecting other offers. It is usually the highest preference offered to the applicant, but not always. If the applicant accepts none of their offers, then the Favoured Offer is taken to be the latest round offer. Note that this number excludes those applicants who were offered an undergraduate University course but subsequently chose a course other than an undergraduate University course.

Enrolments as of the 31 March: the number of people in 'Applicants Offered' who were listed as enrolled full or part time on 31 March, in an undergraduate University course offered to them, but not necessarily their highest University preference.

Deferments: the number of people in 'Applicants Offered' who were listed as deferred before 31 March, an undergraduate University course offered to them, but not necessarily their highest University preference.

### B 3: Analysis of UG University Applications at Highest Preference Level by Region

The Regions are defined by residential postcode of the applicant, using Statistical Area Level 4 of the Australian Statistical Geography Standard of the Australian Bureau of Statistics. More details are given at the end of the table.

For each applicant, their region was based on their residential postcode. Within Victoria, the regions used were Statistical Local Area 4, of the Australian Statistical Geography Standard, of the Australian Bureau of Statistics. Outside of Victoria, the regions used were State.

The conversion table from postcode to SLA4 was taken from ABS catalogue number 1270.0.55.006, released in July 2012. Where a single postcode mapped to multiple SLA4 regions, the region with the higher residential population was allocated.

## B 4: Analysis of UG University Highest Preference Applications, Offers, Enrolments and Deferments by Region

The Regions are defined by residential postcode of the applicant, using Statistical Area Level 4 of the Australian Statistical Geography Standard of the Australian Bureau of Statistics. .

Applications: the number of people who applied, paid in full on time, and listed in their preferences at least one undergraduate TAFE course.

Applicants Offered: the subset of people in 'Applications' whose "Favoured Offer" was an undergraduate TAFE course. This is not those offered their highest TAFE preference.

When an applicant receives multiple offers, VTAC identifies one of the offers as their Favoured Offer after all enrolment returns have been received. The Favoured Offer is the offer that the applicant chose – by enrolling in it and rejecting other offers. It is usually the highest preference offered to the applicant, but not always. If the applicant accepts none of their offers, then the Favoured Offer is taken to be the highest preference offer. Note that this number excludes those applicants who were offered an undergraduate TAFE course but subsequently chose a course other than an undergraduate TAFE course.

Enrolments as of 31 March: the number of people in 'Applicants Offered' who were listed as enrolled full or part time on 31 March, in an undergraduate TAFE course offered to them, but not necessarily their highest TAFE preference.

Deferments: the number of people in 'Applicants Offered' who were listed as deferred before 31 March, an undergraduate TAFE course offered to them, but not necessarily their highest TAFE preference.
