C 1: Analysis of Undergraduate First Preference Applications, Offers, Enrolments and Deferments by Institution

Victorian Institutions are designated as one of three 'types': University, TAFE or Other Providers. The data below refers to each of the types separately, with an overall summary at the end. For each 'type', the percentage of applications to each institution within the type is provided in the column immediately following the number of first preference applications.

* When an applicant receives multiple offers, VTAC identifies one of the offers as the Favoured Offer after all enrolment returns have been received. The Favoured Offer is the offer that the applicant favoured – by enrolling in it and rejecting other offers. It is often the highest preference offered to the applicant, but not always. If the applicant accepts none of their offers, then the favoured offer is taken to be the highest preference offered.
